JULY, AUG. & SEPT. 2009

The Rainbow family here in Dharamtala are all fine and getting on well showing much improvement in their studies, we thank their remedial classes. Our girls are very keen on learning the spoken English language, they show a lot of interest.

Some girls are learning basket ball, The regular children take it in turn to visit our Rainbow children, to have a little conversation so that there is a communication between them, they make friends and learn to share with one another a 5 star or a slab of chocolate.

On the 8th of August a group had a little gathering on the terrace to share a moment and feel the warmth of our Rainbow children. They organized games such as passing the pillow, musical chairs and the little ones drew to show their artistic touch. They sang melodious songs and also danced.

On the 15th of August the school celebrated Independence Day with traditional song and dance. Our Rainbow children also participated with a song and dance and received a great applause. They were also invited to join a drawing competition in Loreto Sealdah, as you know some of our girls are very good at art. One of the activities which they really enjoy, is dancing that's on every Saturday and Sunday.

The Rajrajeshwari Corporation children are having their First Terminal Exams.

A heart full of thanks and God bless you all.
With fondest love to one and all from Loreto Dharamtala
Rainbows.
