

LORETO HOUSE RAINBOW NEWSLETTER JULY TO AUGUST 09

We start our newsletter with a special mention of our academic performance. Out of 12 children in the All Bengal Women's Union School, 5 ranked first in their final examination and 4 got first in drawing. This is a big achievement for children who have just joined their school.

We children from the Sri Gandhi School took part in a special programme for Talent Development and came first in Dance and in Drawing among all the girls and third in the Flower Making.

At Jaco Jaggritti, a special day for underprivileged children, organized by St. James Boys' School, the Loreto House Rainbow girls took part in all the various programmes. Although we did not win any prizes we had a wonderful experience of mixing with other children from other schools and seeing them perform.

Similarly, in Protsahan, a full day programme held in Don Bosco, Park Circus, we participated fully and won a second prize for 'Wealth from Waste'. We were there right from 9:00 am up to 6:00 pm and had our own special classroom to stay in, in case we got tired. From there we went out to take part in many competitions and although we got only one 2nd prize, we really enjoyed ourselves and were given a lovely lunch and tea. We felt very proud when Loreto Sealdah were declared the champions.

On the 15th of August, we had the usual flag hoisting with all the girls of Loreto House, followed by speeches and then a good lunch. In the afternoon of 15th of August we went to Loreto Sealdah for a sit and draw competition. There were lots of girls from all the other Rainbow Homes and we were asked to draw a picture on the theme 'I love my India'. Some of the pictures were really good. What was especially nice was that all of us got gifts and not only just those who had done the best paintings.

These two months of July and August have been very busy months for us in school as our teachers were trying to cover a lot of our syllabus. Some of us older ones have joined Kalsa Girls High School, a Hindi medium Secondary School and we like it there.

We have very little news this time as the time has been very short. Bye for now!
