

Come winter and there is much to look forward to. With this chilly season approaching there is an air of festivity that hangs over all the people of Kolkata.

All India Loreto Schools get together was held in Loreto School Delhi. Every school enacted a street play on 'Right to Education'. Two of our Rainbow girls, Ratna Mondal & Somi Mirdhee participated in this programme along with ten other students of Loreto Day School, Dharamtala. They got special mention in Delhi and were awarded with a certificate and a trophy.

DURGA PUJA

This time of the year our children really enjoy, starting with the Pujas. The children went sightseeing to all the main Puja pandals. They started out with a tram ride and really enjoyed the bright & colourful streets of Kolkata.

DIWALI

In October 09 the L.T.S girls of Loreto Day School Dharamtala organised a Diwali party, a festival of lights for our Rainbow children. The entire school was lit up with

colourful lights and small candles all around.

The children lighted a lot of fireworks. Fireworks were distributed among the children and it was a delight to see them play and enjoy themselves. Delicious snacks were distributed.

PICNIC

The children were taken out for a picnic to a beautiful resort where the Jagajatri Puja was celebrated. All the children were dressed in their best clothes and had a day filled with excitement. They had a variety of delicious vegetarian dishes.

CHILDREN'S DAY

On the 14th November 09 as we are all aware of and know as Children's Day. The evening remedial class teachers organised a cultural programme for the children.

The next day, the church invited the children for a special Mass. Following this they attended a programme organised by the teachers. A number of games were played and prizes won. Snacks were distributed and everyone had a wonderful time. The day ended with a lovely dinner.

In the weekends the L.T.S girls visit these children's, where communication and social awareness classes are held. These classes are beneficial for the children as they are able to share their views and problems.

*We would like to end with our heartfelt wishes a **MERRY CHRISTMAS & A HAPPY NEW YEAR.***
