DHARAMTALA

MARCH: -

There was a mini fete held in Loreto Dharamtala where all the rainbow children and housemothers were invited and given coupons worth Rs.100 each. They had a gala time in playing games and having delicious food at the stalls. They also won a lot of gifts.

The children watched a movie – 3 IDIOTS, which was very educational. The movie was based on three youngsters who were forced to become doctors and engineers but they had other hidden talents, which were not given any preference.

Towards the end of the movie their talents were exposed.

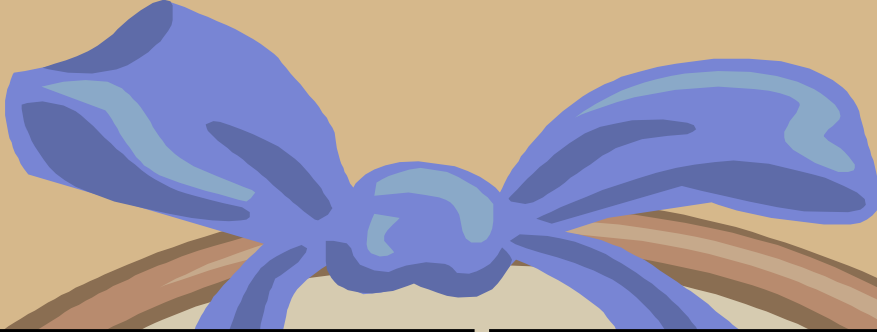

Our children were indeed inspired by this movie.

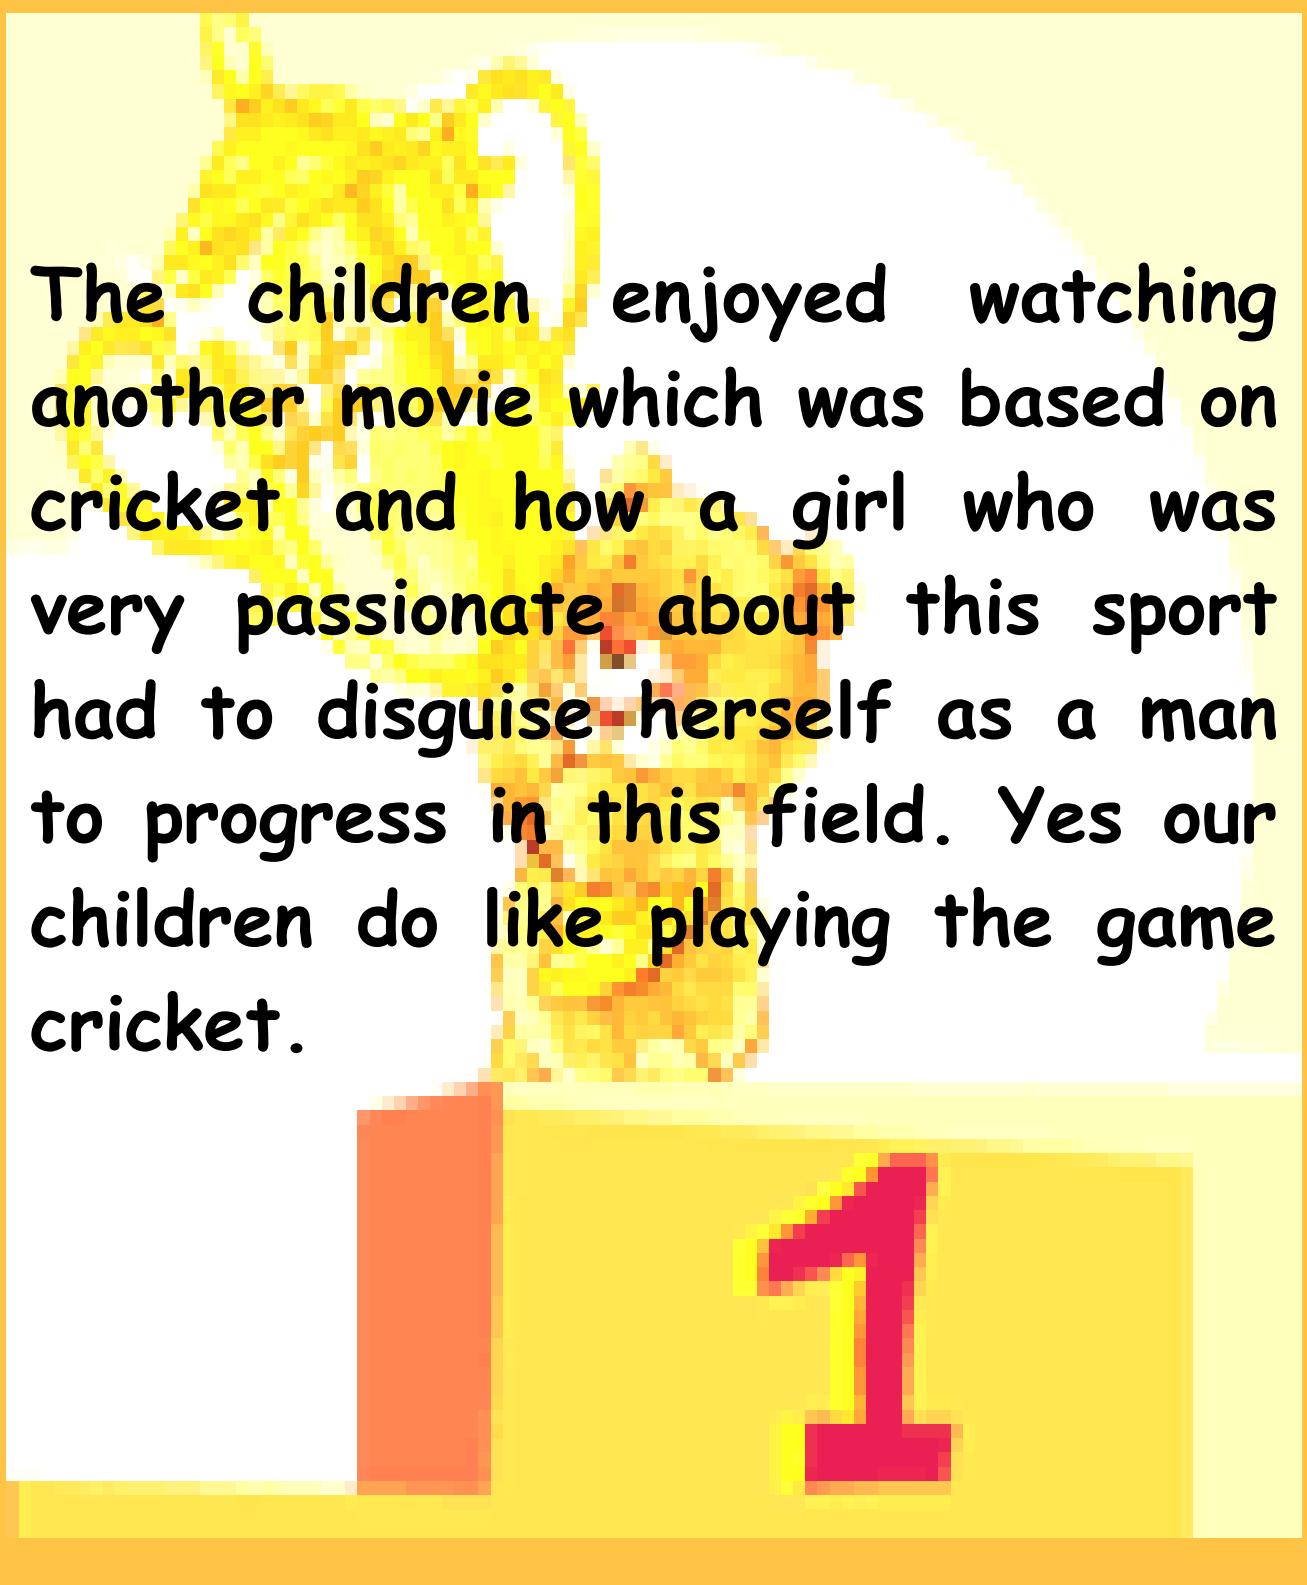

APRIL: -

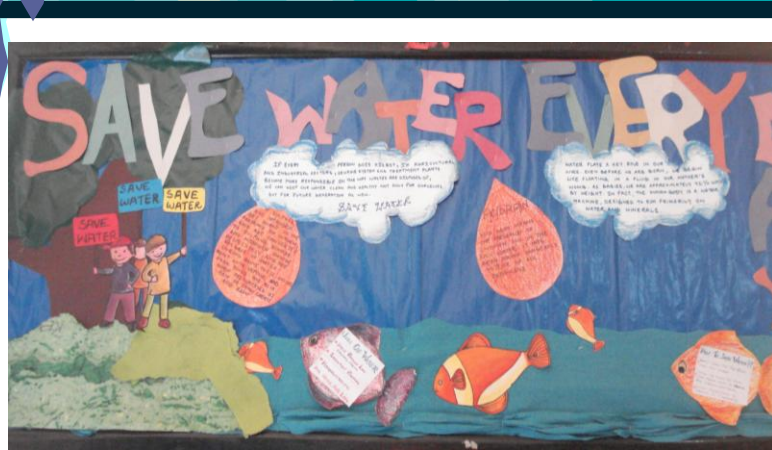

The CLC (Christian Life Community) students organized an Easter party for our children. They were taught action songs in which they cooperated well. They also played games and had a dancing competition after which refreshments were served. At the end, each child was given an Easter egg.

The children enjoyed watching another movie which was based on cricket and how a girl who was very passionate about this sport had to disguise herself as a man to progress in this field. Yes our children do like playing the game cricket.

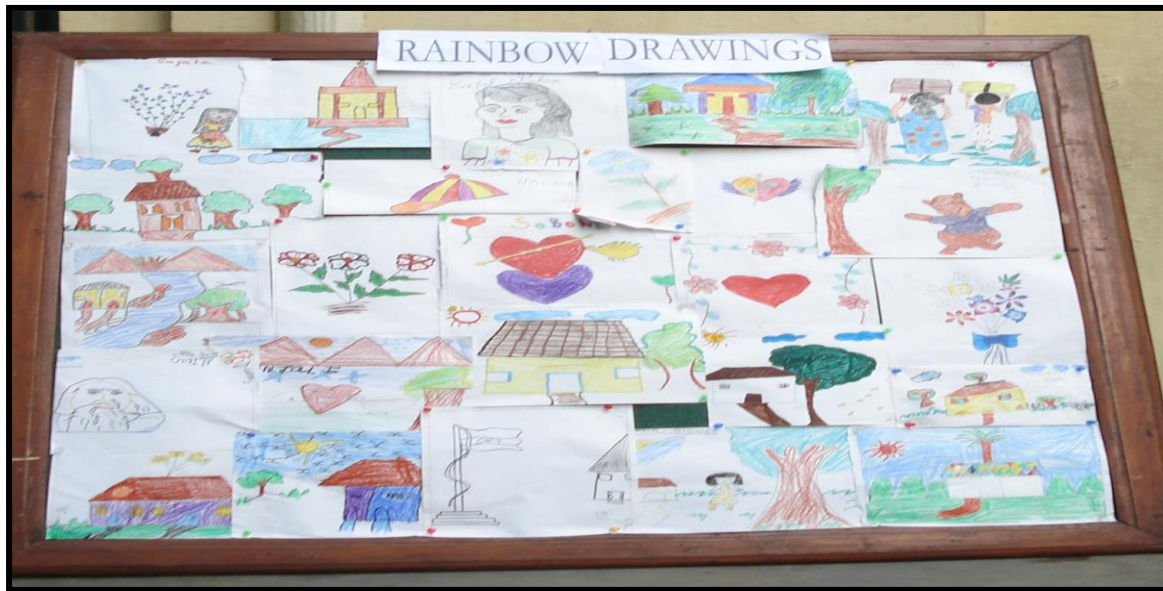

An exhibition was held by the regular students of class III-A & B on "SAVE THE WATER" where all our children were invited to see the exhibition and it did give them the knowledge on how to save water.

RAINBOW FEST

MAY: - On the 12th of May, the LTS (Leadership Training Service) students organized a drawing competition where many of our children's talent of art were exposed. A rainbow fest, also organized by the LTS, was held straight after on the 13th of May. Our children sung solos, duets, and recited poems and also danced beautifully. They were also awarded certificates for the above. They were all trained and well disciplined by Mrs. Ann Dias, Ms. Phalguni Mondal and housemothers.

*HOPE ALL IS WELL AT YOUR END, GOD BLESS U
ALL WITH FONDEST LOVE FROM LORETO
