

### KADDY JOBE SUCCESS STORY

*“I am Kaddy Jobe, a young lady of 25 year’s old living in Wellingara Village where farming and petty trading are the main source of the daily livelihood”.*

*“I live in a polygamous family setup of ten people and unfortunately lost my father who was the bread winner in 1993. His demise has made my step-father to force me into a marriage that I don’t like where I got two children and then got divorced in 2000 after which I am responsible of the two children’s education and my mother who is now old to do anything for her.”*

*“I never went to school before but after the divorce I thought it wise to enroll myself to a skill centre and fortunately for me I was lucky to be enroll with CCF skill centre where I am trained to be a tailor. I graduated from the skill centre in January 2007 but I was unable to get a sewing machine.”*

*“Through the wonderful support of Net4kids I was able to have a sewing machine after graduation which is of great help to me, my children and my old mother.”*

*“In connection to this I would like to use this opportunity to congratulate Net4kids for your timely noble contribution towards my success in life which cannot be measured. I pray that God will bless you in all your endeavors because I have seen many prospects on my way.”*

*“I appreciate your kind support and this indeed reflects immense changes towards my social well-being. My family and I are wishing Net4kids prosperity, peace and progress. I welcomed any member of your organization to visit my workshop. Assuring you that will work harder to achieve my set goals and objectives especially for my vulnerable two children whose education will be my number priority.” “I really appreciate your assistant and will forever remember it. My parents and I therefore pray for that peace, progress and prosperity prevail in the whole world for children to have opportunity to be educated.” **“I THANK YOU ALL FOR YOUR VALUABLE AND REMAKABLE SUPPORT YOU RENDERED TO VULNERABLE GAMBIAN CHILDREN”***
